METROPOLITAN Vickers

ELECTRICAL

CO., LTD.

TRAFFORD PARK ... MANCHESTER 17.

Use "Metrovick" Mercury Electric Discharge Lamps for Factory Lighting

Complete ADJUSTABILITY

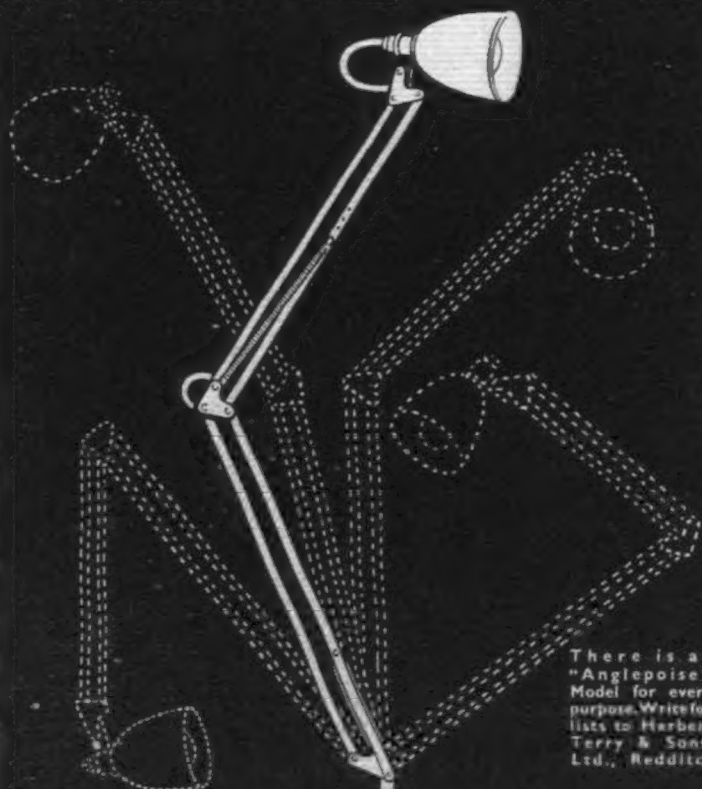

SWINGS INTO POSITION
WITH A TOUCH OF THE
FINGER, AND STAYS
POISED AT ANY ANGLE

In addition to its complete adjustability, the Terry "Anglepoise" Lamp greatly reduces current consumption for, because the light can be adjusted so close to the work, high-powered bulbs are unnecessary. A 25 watt bulb does the work of a 60 watt.

**YOU ARE
GUARANTEED
A PERFECT LIGHT
FROM ANY ANGLE**

With

Clear, steady light anywhere,
no matter how "inaccessible"
to ordinary lighting.

Micrometer-like adjustment
of every lighting angle . . .
at a touch.

The "Anglepoise" Lamp
saves eyestrain . . . makes
work easier.

There is an
"Anglepoise"
Model for every
purpose. Write for
lists to Herbert
